Subject: FAQ for the tarball sampling

Importance: High

FAQ vetted through Planning Section,, plan designer and with D11.

All edits included, and applicable portions of the news release integrated.

The language "beaches believed to have been affected" had been suggested as some beaches were not affected by Refugio, but several reviewers felt it was a tentative statement that raised questions so it was removed.

Please advise of changes. I will be including Dan D. from D11 in all communications so he can follow the activities and we can make a smoother transition when the time comes.

Thank you.
